Buckwheat Crispbread

Orgran Buckwheat Crispbread is a quality product produced from nutrient rich buckwheat that is specially milled to retain purity, freshness and its unique toasted nutty flavour.

Buckwheat is not related to wheat in anyway and actually belongs to the rhubarb family of plants and is highly valued for its nutrient composition and nutritional benefits.

Orgran Buckwheat Crispbread is light, crunchy and full of the goodness you have come to expect from Orgran. It is the ideal alternative to bread or heavier type crackers and has less than 0.3g fat per serving.

PROFILE
