

## Alternative Grain Spaghetti

Alternative Grain Spaghetti is a convenient 99% fat free 'heat & serve' product in a handy ring pull can; enjoyed as a nutritious meal or a take anywhere food. The Spaghetti is a rich source of carbohydrates and protein while the delicate aromatic tomato & basil sauce is delicious and produced without the additions of added cane sugar, dairy or animal derivatives.

The pasta is produced from a superior combination of rice as the higher complex carbohydrate source and split pea as the protein source which provides nutritious qualities that are not available from individual grains alone.

Product Name	<b>Alternative Grain Spaghetti</b>
Community code	6288
Inner barcode	7 20516 02059 9
