Features & Benefits	We have taken our favourite dates and locked away moisture in the pack so they have a softer texture than traditional dried dates. If you like your dates rich, moist and incredibly gorgeous then these are for you. Our dates grow in some of the world’s driest places where they provide a valuable source of food and income for farmers. Crazy Jack Organic dates are naturally high in fruit sugars, great for snacking on and work equally well in sweet and savoury dishes. Great for adding texture, flavour and colour to your recipes or simply enjoy them on their own.	
Uses and Tips	Chopped dates can also help retain moisture in cake mixes. Chop and add to porridge before cooking to add flavour and sweetness.
