Essential Fibre Pasta

Healthy lifestyle includes exercise, positive thinking and nourishment from foods made with natural ingredients containing **essential fibre**. That's why our nutritionists have created a great range of high fibre foods that will help you cook up some exciting new taste sensations.

The **Orgran** production plant is also one of the few plants in the world specifically designed and producing in a strictly controlled wheat free, gluten free environment to ensure highest quality and purity of natural foods. The very unique process encompasses traditional methods to retain the delicate natural flavour of the grains. It also ensures the product offers the highest biological; benefits to meet the strictest demands set by consumers of natural foods and those on specialised diets.
