

## Community Foods Ltd. Energy Policy

Community Foods Ltd is an importer, distributor and packer of ambient stable foodstuffs, the vast majority of products traded are not grown in the United Kingdom.

Within the confines of these operations, the directors and management are committed to operating in a manner which minimises and maximises the efficiency of energy use and consumption.

We aim to meet these expectations as follows:

- To use where possible and practical renewable forms of energy
- To record the various forms of energy use where practical within the operations
- To undertake regular audits in order to understand ways and means to reduce energy consumption and improve efficiency
- At each office we will appoint an energy representative whose role is to encourage and lead implementation of this policy

Community Foods Ltd. will make this policy and performance measures available to staff through monthly management meetings.

This policy will be pursued by senior management and made available to all interested parties.
