

## Community Foods Ltd. Materials and Water Use Policy

Community Foods Ltd is an importer, distributor and packer of ambient stable foodstuffs, the vast majority of products traded are not grown in the United Kingdom.

Within the scope of the company's operations, the directors and management are committed to operating in a manner which minimises the use and environmental impact of the materials and resources it uses.

We aim to meet these expectations as follows:

- We will monitor and record our water consumption patterns, ensuring optimum use of water resources
- We will use wherever possible, environmentally friendly stationery items
- We will encourage the recycling of waste paper within the office
- We will ensure each department is aware of its paper consumption
- We will encourage double sided and black and white printing
- Environmentally friendly and biodegradable cleaning products will be used wherever these exist to reduce water pollution
- Office and operational products that can be recycled will be collected and recycled appropriately.

Community Foods Ltd. will make this policy and performance measures available to staff through monthly management meetings.

This policy will be pursued by senior management and made available to all interested parties.

Signed:   
(Jamie Chambers)

Date: 6<sup>th</sup> January 2021

Position: Technical Director
