

Community Foods Ltd. Waste Management Policy

Community Foods is committed to minimising the environmental impact of waste created through its operations. The company complies with the Packaging (Minimum Requirements) Regulations 1998, the Producer Responsibility Obligations (Packaging Waste) Regulations 2005 and all other applicable legislation as a minimum level of performance. It also promotes best practice in all areas of activity and in particular undertakes the following;

- To ensure waste handling is contracted to responsible operators and waste recycled wherever possible
- Provide facilities in each office and warehouse for the recycling of paper, cardboard, plastic, batteries and printer cartridges
- Provide additional facilities for recycling of cans and glass in the kitchen and canteen
- Ensure each office and warehouse has a nominated representative whose role is to encourage and lead implementation of this policy
- To work with our supply partners to reduce or eliminate redundant packaging
- To consider the environmental impact of packaging in the management of our own brands and aim to reduce wherever possible

This policy will be pursued by senior management and made available to all interested parties.

Vince Andrew

Operations Director
